## NEW PRODUCT ANNOUNCEMENTS SPRING 2015

### 4-6-2 SEMI-SCALE PACIFIC LOCOMOTIVE

Suggested price: \$599.95 each

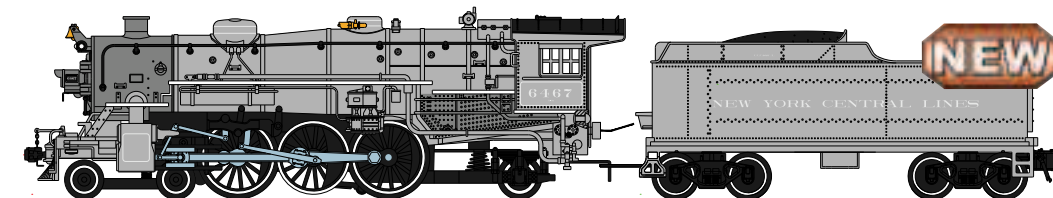

The advent of heavier, longer passenger trains in the early 20th century called for a new type of steam locomotive. The 4-6-2 (or Pacific class as it came to be known) answered that call in 1901. It went on to become the predominant express passenger engine until the 1940s, when it was supplanted by the 4-6-4 Hudson. The 4-6-2 is our first steam engine to feature the *True Blast® Plus* 16-bit polyphonic sound system with whistle, bell, chuff, and idle steam sounds. Bring the steam era to life with the new Pacific locomotive!

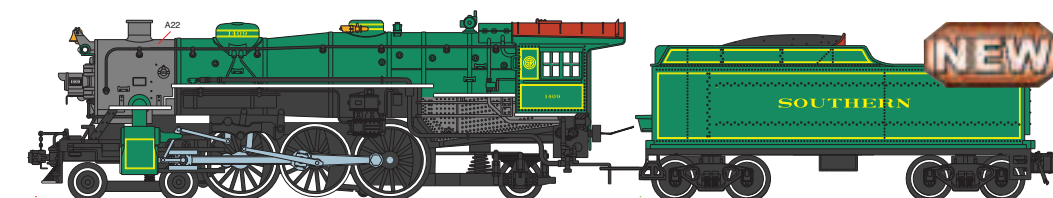

(preproduction model shown)

Features include:

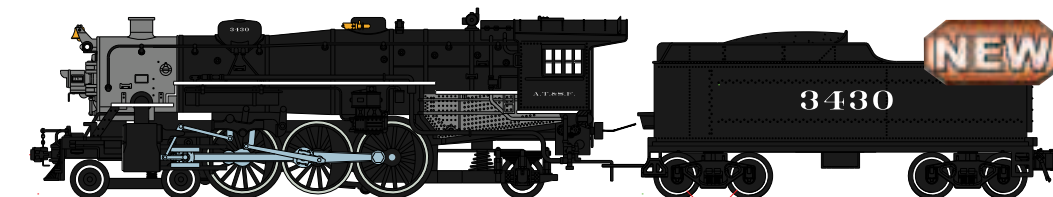

- *True Blast® Plus* 16-bit polyphonic sound system with whistle, bell, chuff, and idle steam sounds
- die-cast boiler and chassis
- powerful motor with flywheel coasting action
- traction tires
- operating headlight and back-up light on tender
- operating rear coupler
- operating smoke unit
- navigates O-31 curves
- length 19.75"; height 3.75"

NORFOLK SOUTHERN HERITAGE SERIES GE DASH 9 SCALE DIESEL  
NOW WITH *TRUE BLAST® PLUS* AND NEW ROADNAMES

Suggested price: \$499.95 each

C44-9W is the locomotive’s official designation, but it is commonly referred to as the Dash-9. Now available in Norfolk Southern’s heritage paint schemes and equipped with our exclusive *True Blast® Plus* sound package, you can enjoy watching and listening to this modern giant as it pulls a full load around your layout.

Features include:

- *True Blast® Plus* 16-bit polyphonic sound including prime mover, horn, and bell
- 6 wheel power trucks with traction tires
- powered by dual motors with flywheel coasting action
- all metal gears
- electronic 6-amp reverse board with directional lock-out
- durable ABS plastic shell
- die-cast trucks, truck sides, and pilots
- dual headlights
- sturdy stamped metal handrails
- NEW! windshield wipers and upgraded window tooling
- navigates O-31 curves
- length 17.75"; height 3.875"

NW-2 SCALE DIESEL  
NOW WITH *TRUE BLAST® PLUS* AND NEW ROADNAMES

Suggested price: \$449.95 each

In 1939, GM’s EMD division introduced two switcher locomotives: the NW-2 and its smaller sibling, the SW-1. The NW-2 was equipped with a 1000-HP twelve-cylinder engine. It was GM’s most popular switcher of all time, with over 1100 units sold. The last unit was manufactured in December 1949. Many railroads and shortlines have rebuilt these units due to their flexibility and reliability. Williams by Bachmann has updated this dependable switcher with our exclusive *True Blast® Plus* sound package.

Features include:

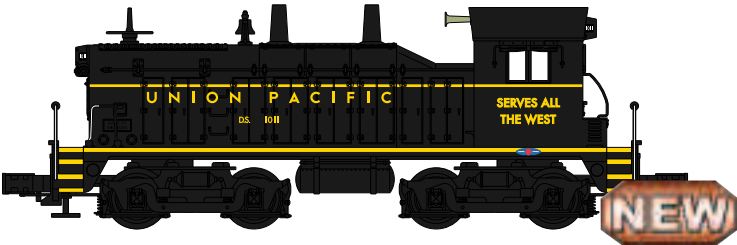

- *True Blast® Plus* 16-bit polyphonic sound including prime mover, horn, and bell
- 4 wheel trucks with traction tires
- powered by dual motors with flywheel coasting action
- all metal gears and wheels
- electronic 6-amp reverse board with directional lock-out
- durable ABS plastic shell
- die-cast trucks, truck sides, and frame
- dual headlights
- die-cast operating couplers
- wire handrails
- navigates O-27 curves
- length 12"; height 4"
